

DEBRAH'S

Our strategy

We offer collections designed in collaboration with Belgian, Italian, French, German Japanese and Korean designers, made with great care and hand-finished in order to ensure high quality standards and attention to detail, thanks to the perfect blend of modern production techniques and traditional artisan skill, particularly when working with wood, metal and glass.

We have worked with enormous passion for more than 20 year; since our establishment, distinguished by an international structure an soul, clients in 130 countries worldwide are offered dining and living room furnishing solutions embodying simplicity, elegance and touch of sophistication.

We also make exclusive collections for many international partners, specialising particularly in customised projects for private homes and hotels, designed by a team working solely on contract solutions.

Projects

Debrah's is specialises stongly in bespoke projects for the home and hotel sectors. In addition to employing a team devoted to contract solutions. Debrah's has decided to invest in the construction of a new manufacturing unit dedicated exclusively to making bespoke furnishing for major projects,both in China and on the main international markets.
